The first part of the book
 is devoted to a general
 description of the
 country and its
 resources. The author
 describes the
 climate, the soil,
 the vegetation, and
 the animals of the
 country. He also
 describes the
 history of the
 country and the
 progress of its
 civilization. The
 second part of the
 book is devoted to
 a description of the
 principal cities and
 towns of the country.
 The author describes
 the location, the
 history, and the
 present state of
 each of these places.
 The third part of
 the book is devoted
 to a description of
 the principal rivers
 and streams of the
 country. The author
 describes the course
 of each of these
 water courses, and
 the uses to which
 they are put. The
 fourth part of the
 book is devoted to
 a description of the
 principal mountains
 and hills of the
 country. The author
 describes the height
 of each of these
 elevations, and the
 nature of the soil
 and vegetation
 which they support.
 The fifth part of
 the book is devoted
 to a description of
 the principal lakes
 and ponds of the
 country. The author
 describes the size
 and location of each
 of these bodies of
 water, and the uses
 to which they are
 put. The sixth part
 of the book is
 devoted to a
 description of the
 principal canals of
 the country. The
 author describes the
 course of each of
 these artificial
 water courses, and
 the uses to which
 they are put. The
 seventh part of the
 book is devoted to
 a description of the
 principal harbors and
 ports of the country.
 The author describes
 the location, the
 size, and the
 facilities of each
 of these maritime
 stations. The eighth
 part of the book is
 devoted to a
 description of the
 principal manufactures
 and trades of the
 country. The author
 describes the nature
 and extent of each
 of these branches
 of industry. The
 ninth part of the
 book is devoted to
 a description of the
 principal religions
 and sects of the
 country. The author
 describes the history
 and doctrines of
 each of these
 systems of belief.
 The tenth part of
 the book is devoted
 to a description of
 the principal laws
 and customs of the
 country. The author
 describes the nature
 and extent of each
 of these regulations.
 The eleventh part
 of the book is
 devoted to a
 description of the
 principal military
 and naval forces of
 the country. The
 author describes the
 organization, the
 equipment, and the
 services of each
 of these arms of
 the service. The
 twelfth part of the
 book is devoted to
 a description of the
 principal scientific
 institutions of the
 country. The author
 describes the nature
 and extent of each
 of these establishments.
 The thirteenth part
 of the book is
 devoted to a
 description of the
 principal literary
 and artistic works
 of the country. The
 author describes the
 nature and extent
 of each of these
 productions of the
 human mind. The
 fourteenth part of
 the book is devoted
 to a description of
 the principal public
 buildings and works
 of art of the country.
 The author describes
 the nature and extent
 of each of these
 monuments of
 human industry.
 The fifteenth part
 of the book is
 devoted to a
 description of the
 principal public
 institutions of the
 country. The author
 describes the nature
 and extent of each
 of these establishments.
 The sixteenth part
 of the book is
 devoted to a
 description of the
 principal public
 works of the country.
 The author describes
 the nature and extent
 of each of these
 monuments of
 human industry.
 The seventeenth part
 of the book is
 devoted to a
 description of the
 principal public
 works of the country.
 The author describes
 the nature and extent
 of each of these
 monuments of
 human industry.
 The eighteenth part
 of the book is
 devoted to a
 description of the
 principal public
 works of the country.
 The author describes
 the nature and extent
 of each of these
 monuments of
 human industry.
 The nineteenth part
 of the book is
 devoted to a
 description of the
 principal public
 works of the country.
 The author describes
 the nature and extent
 of each of these
 monuments of
 human industry.
 The twentieth part
 of the book is
 devoted to a
 description of the
 principal public
 works of the country.
 The author describes
 the nature and extent
 of each of these
 monuments of
 human industry.
